GOVERNOR'S MESSAGE.

The following message from the Governor was taken up and read:

STATE OF CALIFORNIA, EXECUTIVE OFFICE,
SACRAMENTO, April 25, 1913.

To the Assembly of the State of California:

I herewith return to you, without my approval, Assembly Bill No. 1317. My objections to this bill are embodied in a communication received by me from the Attorney General of this State to whom the measure was submitted:

The communication and report of the Attorney General are as follows:

"You have referred to me Assembly Bill No. 1317, and asked for the facts, to meet which, presumably this measure was drafted.

"Some time prior to 1907, the Lauritzen Company claimed to have sustained damage to their property by reason of the construction of what is generally known as the 'Newtown jetties' in the Sacramento River. At its session in 1907, the Legislature passed an Act authorizing this company to maintain an action against the State to have determined the damage alleged to have been so sustained. That Act is found in the statutes of that year at page 904. Subsequent to its approval, the Lauritzen Company commenced such action, a hearing was had upon the demurrer presented by the State, and the court held the Act to be unconstitutional because of its special character.

"In 1911, and following the decision of the court referred to, another Act was passed authorizing another action. That Act is found in the Statutes of 1911 at page 403. Subsequent to its approval, suit was commenced by this company against the State, and that action is now pending undetermined in the Superior Court in and for the county of Sacramento.

"The Act in question by its terms appears general in character, though I think without doubt intended to cover the alleged cause of action herein mentioned.

"The Legislature has twice acted in this matter. The suit under its second Act is undetermined, and I know of no public policy nor state obligation which would

justify the approval of this measure at this time. If any further action on the part of the Legislature in this matter should become justified, it surely will not become so until after the termination of the present litigation.

"There remains, however, a broader objection to enactments of this character. Under the organization of our state government, the legislative department is charged with the payment by appropriation, and without suit, of all legitimate demands against the State. If the State so conducted its work in the construction of the Newtown jetties that the property of individuals was damaged thereby, and the State should in equity and good morals compensate the parties for such damage, appeal for such compensation should be made to the Legislature, and the legislative judgment should be taken generally, if not always, as final.

"I am not aware whether this demand has heretofore been presented to the Legislature. If it has, and payment refused, in the absence of a satisfactory showing that the legislative judgment was error, the matter should be deemed closed. If the claim has not been so presented, such presentation may be hereafter made."

Upon the suggestions of the Attorney General, and because of the reasons contained in his communication, which I believe to be sound, I have vetoed the bill.

Respectfully submitted.

HIRAM W. JOHNSON, Governor.

The question being put: "Shall the bill become a law notwithstanding the veto of the Governor?"

The roll was called, and the veto of the Governor sustained by the following vote:

AYES—None.

NOES—Messrs. Alexander, Ambrose, Bagby, Beck, Benedict, Bloodgood, Bowman, Brown, Byrnes, Cary, Chandler, Clarke, Geo. PASADENA, CALIFORNIA, April 28, 1913.

State Assembly, Sacramento:

As State Commissioner for the Federation of American Motorcyclists, and as representative of at least 35,000 motorcyclists in California, I respectfully urge that while we desire to facilitate necessary legislation and did expect to favor Assembly Bill No. 2095, that said bill should be materially amended in accordance with the suggestions submitted to the committees by representatives of the Capital City Motorcycle Club of Sacramento. The bill as it stands would be decidedly unfair to the many motorcyclists in this State.

STATE COMMISSIONER,
FEDERATION OF AMERICAN MOTORCYCLISTS.

GENTLEMEN: The Point Lobos Improvement Club, an organization of thirty years standing, representing the property owners of the Richmond district of the city and county of San Francisco, do hereby request that your honorable body give the Boynton and Cassidy cemetery bills your closest consideration.

We have been endeavoring for a number of years to get legislation that would be fair to all to enable us to have the cemeteries removed from their present location, to aid us in building up the locality surrounding our homes, and we do hereby appeal to you, gentlemen, asking you to vote for the passage of these bills.

Yours very respectfully,

POINT LOBOS IMPROVEMENT CLUB.
THOS. P. ROBISON, President.

Buckles, a judge of the Superior Court of the State of California, in and for the county of Solano, your Committee on Judiciary appointed, on April 19, 1913, a subcommittee, consisting of Messrs. Sutherland, Weldon, Nelson, Brown and Shartel, to examine into said matter and report back to this committee:

That on the 29th day of April, 1913, said sub-committee made the report to this committee hereunto annexed, marked Exhibit "A" and made a part hereof;

That thereupon, at a meeting of said Committee on Judiciary held on the 29th day of April, 1913, the said report of said subcommittee was adopted in its entirety as the report to be submitted to this Assembly on the part of said Committee on Judiciary.

In accordance with said report of said subcommittee, and which said report was made and adopted as the report of your Committee on Judiciary, your Committee on Judiciary respectfully recommends that no further proceedings be had in said matter.

BENEDICT, Chairman.

EXHIBIT "A."

SACRAMENTO, CALIFORNIA, April 29, 1913.

To the Committee on Judiciary of the Assembly, California Legislature:

Pursuant to a resolution of the Committee on Judiciary, adopted April 18, 1913, referring to us as a subcommittee the complaint of James E. Whinnery against A. J. Buckles, a judge of the Superior Court of the State of California, in and for the county of Solano, we report as follows:

That immediately upon our appointment as such subcommittee we set the said matter for hearing at 7.30 o'clock p.m., April 28, 1913, in room No. 127, State Capitol, and caused notice thereof to be given to said complainant and to said judge and extended to both parties the benefit of the process of this subcommittee to compel the attendance of witnesses at said hearing.

That at the time and place fixed for such hearing, the said complainant James E. Whinnery was personally present and stated that he was ready to proceed with the hearing, as did also the judge who was present.

That thereupon Mary Deitch and Ruth Koester were sworn to correctly take and write in shorthand the testimony of all witnesses produced, after which James E. Whinnery offered himself as a witness in his own behalf, was duly sworn, and his evidence, including the entire record in the following case, to wit:

Whinnery vs. Whinnery, tried before said judge in the county of Alameda, May 23, 1911, was received.

That upon the conclusion of the complainant's testimony he announced that all of his evidence had been introduced, whereupon the said judge offered in his own behalf certain documents and records on appeal in said action and Messrs. Jas. H. Creeley and E. R. Eliassen were sworn and testified in behalf of the said judge.

That at all times during the introduction of the testimony the right of cross-examination was granted to both parties to the proceeding.

That at the conclusion of the testimony offered on behalf of the said judge, both parties to the proceedings stated that all of their testimony had been received and that they had no further evidence of any kind to offer, whereupon the matter was submitted by both parties for decision.

That since the submission of said matter we have given consideration to the evidence introduced, and as a result of such consideration now find that there is no evidence whatever tending in the least to sustain said charges or any of them, or to show that the said judge acted in the consideration of the case, or in the decision thereof otherwise than in the conscientious discharge of his official duty.

That none of the charges in said complaint have been sustained, and that the same are wholly untrue and groundless.

As our conclusion from the foregoing we recommend that no further action be taken in the premises.

Respectfully submitted,

SUTHERLAND.
WEIDON.
SHARTEL.
BROWN.
NELSON.

Mr. Sutherland moved the adoption of the report.

EXHIBIT "A."

SACRAMENTO, CALIFORNIA, April 29, 1913.

To the Committee on Judiciary of the Assembly, California Legislature:

Pursuant to a resolution of the Committee on Judiciary, adopted April 18, 1913, referring to us as a subcommittee the complaint of Mrs. H. P. Jorgensen against E. N. Rector, a judge of the Superior Court of the State of California, in and for the county of Merced, we report as follows:

That immediately upon our appointment as such subcommittee, we set the matter for hearing at 7.30 o'clock p.m., April 28, 1913, in room No. 118, State Capitol, and caused notice thereof to be given to said complainant and to said judge and extended to both parties the benefit of the process of this subcommittee to compel the attendance of witnesses at said hearing.

That at the time and place fixed for such hearing, the said complainant, Mrs. H. P. Jorgensen, was personally and by her attorneys, Dunn, Cowan & Brand, present and stated that she was ready to proceed with the hearing, as did also the judge, who was present.

Whereupon, testimony, oral and documentary, was offered on behalf of each party to the proceedings, the right of cross-examination of witnesses being granted to both parties.

That at the conclusion of the testimony offered on behalf of the said judge, both parties to the proceeding stated that all of their testimony had been received and that they had no further evidence of any kind to offer, whereupon the matter was submitted by both parties for decision.

That since the submission of said matter we have given consideration to the evidence introduced, and as a result of such consideration now find that there is not

sufficient evidence to sustain the said charges or any of them, or to show that the said judge acted in any way contrary to law or the usual practice.

As our conclusion from the foregoing, we recommend that no further action be taken in the premises.

Respectfully submitted.

SAN FRANCISCO, April 25, 1913.

To the Honorable, the Assembly, California Legislature:

GENTLEMEN: On my own behalf and that of my whole congregation of five hundred members (mostly voters), I respectfully protest against the passage of Ferguson bill (A. B. 1620), which proposes to reduce the dry zone around the University of California so as to make possible a bar in the Claremont Hotel. It is a most dangerous precedent to make such an exception in favor of one resort, most pernicious special legislation, and is vicious in policy and principle.

Very respectfully,

ELBERT R. DILLE.

Pastor Central Methodist Episcopal Church, San Francisco.

Also:

BETHEL M. E. CHURCH, SOUTH, MERCED, CAL., April 25, 1913.

To the Honorable Assembly, Sacramento, Cal.

GENTLEMEN AND FATHERS: As the representative of a large number of your constituents, consisting of the best people of this city and community, let me beg you to maintain the dry zone around our State University at Berkeley by voting against the Ferguson bill (Assembly Bill No. 1620).

Also: To vote for the bill creating a dry zone around all universities.

Also: To vote for the bill forbidding the sale of liquors from one to five a.m.

We humbly beg you, by all means in your power, to legislate in the interests of the good, clean, honest, productive citizens of our great commonwealth, and the young and inexperienced, and the morally weak and susceptible to temptation, instead of the criminal classes, who exploit the young and the weak, and feed and fatten on the vices of men.

Our children are the greatest and most valuable asset, both of parents and the State; so, in God's name, and for their sake, draw the lines hard, and as far as possible handicap the vicious in their awful work of destruction.

We sincerely thank you for all the advance steps you have thus far taken along moral lines, and urge you to continue the good work until every boy and girl, and man and woman, who wants to do right and lead a clean and honest life, shall have a fair chance to do so.

God bless you forever.

J. M. WEEMS, Pastor.

By Mr. Johnson:

WHEREAS, The State Legislature has under consideration certain bills aimed now at the removal of San Francisco cemeteries, and said legislation if enacted would establish a precedent for scheming real estate exploiters in every city and town in the State; and

WHEREAS, Said proposed legislation is opposed to the very principle upon which our government is founded, to wit: the taking of property without permission of the owner, and not in the exercise of the right of public domain, and without due compensation or process of law; and

WHEREAS, This violation of justice would be perpetrated not because "the dead are crowding the living," but that the ambitions of certain investors, whose greed would forever deny a permanent resting place for the dead, might be satisfied; therefore, be it

Resolved, That we are unalterably opposed to all cemetery bills now pending, and do hereby petition the State Legislature to refuse to enact any of these bills.

AMENDMENT OF CONCURRENT RESOLUTION.

Assembly Concurrent Resolution No. 18—Relative to memorializing the life, deeds and character of Homer Lea, and providing a method of popular subscription for the erection of a suitable monument to his memory.

During the reading of the resolution, Mr. Farwell moved that the Speaker appoint a select committee of one to amend the resolution as follows:

In line 1 of the printed resolution, after the comma following the word "Whereas," strike out all the rest of the resolution and insert the following: "The late Homer Lea, although having been born in Denver, Colorado, on November 17, 1876, never-

theless spent the greater portion of his life in California, and it having been within the borders of this State, the State that he loved so well, that he received his education and performed most of his literary work, and, furthermore, after the close of a strenuous and brilliant campaign for the liberation of the Chinese nation, that he sought the quiet seclusion of his home in Santa Monica, Los Angeles County, and from which haven of rest he departed this life on November 1, 1912; and

WHEREAS, No stranger career than that of Homer Lea has ever appeared in the romantic history or the military annals of this State. A hopeless cripple from childhood, never free from pain or the bondage of physical weakness, and yet who, at the age of twenty-five, held a commission as Lieutenant General of the Chinese revolutionary troops, and, at the age of thirty, wrote a book on modern warfare, "The Valor of Ignorance," in which he described a possible attack, with suggestions for its defense, on our Pacific coast that amazed the military experts of all nations, and who became, finally, at the age of thirty-five, the confidential military adviser of the first President of the Chinese Republic, our neighbor across the sea; and

WHEREAS, The life and deeds of such a man, trained as he was in our home institutions, and endeared as he has become, not only in the hearts of our own people, but in the hearts of the millions of our friends across the Pacific; and

WHEREAS, Such a great soul, imprisoned in so weak a body, not only did heroic, self-sacrificing and wonderful things for the great Chinese nation, and, what is far more important, that he should eventually be one of the heartstrings that bind our two great nations together, then certainly we of California could do but little, at best, were we not to take some recognition, slight as it may be, of his life among us as a good citizen and in his passing recognize the services he has rendered to California; therefore, be it

Resolved, That whenever, by popular and voluntary subscription, or otherwise, from whatever source, the Treasurer of this State shall have received for the erection of a monument to said Homer Lea, consisting of a bronze figure, appropriate architectural pedestal and other sculptural accessories, the sum of fifty thousand dollars, that then an heroic, or larger than life-size, bronze statue representing said Homer Lea, together with said pedestal and accessories, shall be caused to be made under the auspices, directions and approval of the then governor of this State, and whose approval of the design for the figure, as well as the pedestal and other sculptural or architectural accessories, as well as the contracts for the execution of said work as herein described, must first have been formally approved by the majority vote of the several different municipal art leagues of this State, that will have been in existence as such, under charter from the state or municipality, within two years prior to such approval; and, furthermore, that the erection and completion of the said bronze figure, together with the pedestal, approaches and other accessories of a monument of that character be so placed in front of and on line with the main north and south axis of the Capitol Building and somewhere about midway of the first terrace above curb level on our State Capitol grounds that the memorial monument will properly reflect the sentiments and aspirations of the people of our State.

Motion carried.

The Speaker appointed Mr. Farwell as such select committee.

REPORT OF THE SELECT COMMITTEE.

The following report of select committee was received and read:

Each member of the board shall, before entering upon the duties of his office, take the constitutional oath of office.

SEC. 2. The board shall be organized on or before the first Tuesday of September, 1913, by electing from its number a president, vice-president, secretary, and treasurer, who shall hold their respective positions during the pleasure of the board. The board shall hold one meeting annually beginning on the second Tuesday in January in the city of Sacramento and at least two additional meetings annually, one of which shall be held in the city of Los Angeles and the other in the city of San Francisco, with power of adjournment from time to time until its business is concluded; *provided, however*, that examinations of applicants for certificates may, in the discretion of the board, be conducted in any part of the state designated by the board. Special meetings of the board may be held at such time and place as the board may designate. Notice of each regular or special meeting shall be given twice a week for two weeks next preceding each meeting in one daily paper published in the city of San Francisco, one published in the city of Sacramento, and one published in the city of Los Angeles, which notice shall also specify the time and place of holding the examination of applicants. The board shall receive through its secretary applications for certificates provided to be issued under this Act and shall, on or before the first day of January of each year, transmit to the governor a full report of all its proceedings together with a report of its receipts and disbursements. The board shall, on or before the first day of January of each year, compile a complete directory giving the addresses of all persons within the State of California who hold unrevoked licenses to practice under any medical practice Act of the State of California, which license shall in any manner authorize the treatment of human beings for diseases, injuries, deformities, or any other physical or mental conditions. The board is hereby authorized to require said persons to furnish such information as it may deem necessary to enable it to compile the directory. The directory shall contain, in addition to the names and addresses of said persons, the names and symbols indicating the title, name or names, school or schools, which such person has attended and from which graduated, the date of issuance of the license, the

present residence of said person and a statement of the class of certificate held. The directory shall be prima facie evidence of the right of the person or persons named therein to practice as permitted in said form of license. It shall be the duty of every person holding a license to practice under any medical Act of this State, or who may hereafter be so licensed to practice, to report immediately each and every change of residence, giving both the old and new address.

SEC. 3. The office of the board shall be in the city of Sacramento and in all legal proceedings against the board said city shall be deemed to be the residence of the members thereof.

SEC. 4. The board may from time to time adopt such rules as may be necessary to enable it to carry into effect the provisions of this Act. Any member of the board may administer oaths in all matters pertaining to the duties of the board, and the board shall have authority to take evidence in any matter cognizable by it. The board shall keep an official record of all its proceedings, a part of which record shall consist of a register of all applicants for certificates under this Act, together with the action of the board upon each application.

SEC. 5. The board is authorized to prosecute all persons guilty of violation of the provisions of this Act. It shall have the power to employ legal counsel for such purpose, and may also employ such clerical assistance as it may deem necessary to carry into effect the provisions of this Act. The board may fix the compensation to be paid for such service and may incur such other expenses as it may deem necessary. It shall also fix the salary of the secretary, not to exceed the sum of eighteen hundred dollars (\$1800) per annum, and the sum to be paid to other members of the board not to exceed ten dollars (\$10) per diem each, for each and every day of actual service in the discharge of official duties; and the board may, in its discretion, add to said sum necessary traveling expenses.

SEC. 6. All fees collected on behalf of the board of medical examiners and all receipts of every kind and nature, shall be reported at the beginning of each month, for the month preceding, to the state controller, and at the same time the entire amount of such collections shall be paid into the state treasury, and shall be credited to a fund to be known as the board of medical examiners' contingent fund, which fund is hereby created. Such contingent fund shall be for the uses of the board of medical examiners and out of it shall be paid all salaries and all other expenses necessarily incurred in carrying into effect the provisions of this Act. An amount not to exceed one thousand dollars (\$1000) may be drawn from the contingent fund herein created, to be used as a revolving fund where cash advances are necessary; but expenditures from such revolving fund must be substantiated by vouchers and itemized statements at the end of each fiscal year, or at any other time when demand therefor is made by the board of control.

SEC. 7. Every applicant for a certificate shall pay to the secretary of the board a fee of twenty-five dollars (\$25), which shall be paid to the treasurer of the board by said secretary. In case the applicant's credentials are insufficient or in case he does not desire to take the examination, the sum of ten dollars (\$10) shall be retained, the remainder of the fee being returnable on application.

SEC. 8. Every applicant must file with the board, at least two weeks prior to a regular meeting thereof, satisfactory testimonials of good moral character, and a diploma issued by some legally chartered school, approved by the board. In addition thereto applicants for the "Physician and Surgeon Certificate" must show that the applicant has attended four courses of study in four calendar years, each annual course to have been of not less than thirty-two weeks' duration, and at least ten months shall intervene between the beginning of any course and the beginning of the preceding course; the requirements of which shall have been at the time of granting such diploma in no degree less than those required under this Act as hereinafter set forth, or satisfactory evidence of having possessed such diploma, and must also file an affidavit stating that he is the person named in said diploma and that he is the lawful holder thereof, and that the same was procured in the regular course of instruction and examination without fraud or misrepresentation; *provided*, that where the applicant has been unable to complete a thirty-two weeks' course in any one year, but can show to the satisfaction of the board of medical examiners:

First, that he has taken courses totaling not less than one hundred twenty-eight weeks in some school or schools approved by the board, receiving passing grades in all such courses; *second*, that not more than thirty-two weeks of such courses have been taken in any one calendar year; and, *third*, that he has fulfilled the requirements of section ten of this Act, he shall be granted such special examination as the board may deem necessary, and if found proficient, shall receive a license to practice medicine and surgery as provided in this Act. The said application shall be made upon a blank furnished by said board and it shall contain such information concerning the medical instruction and the preliminary education of applicant as the board may by rule prescribe. In addition to the requirements hereinabove provided for, applicants for either form of certificate hereunder shall present to said board at the time of making such application a diploma from an accredited high school, accredited normal school, or an accredited academy, together with satisfactory proof that he is the lawful holder of such diploma and that the same was procured in the regular course of instruction. In lieu of such diploma, the applicant may present: (1) a certificate from the college entrance examination board, or the

college examining board of any state or territory showing that such applicant has successfully passed the examination of said board; or (2) if such applicant be thirty years or more of age he may show to the satisfaction of the board of medical examiners proof of preliminary education equivalent in training power to the foregoing requirements. The term "accredited," as herein used, means institutions of that type that have been investigated and are accredited by the state universities of their respective states. After January 1, 1918, every applicant for a "Physician and Surgeon Certificate" shall, in addition to the foregoing requirements, present to the board satisfactory evidence that before beginning the study of medicine he has completed an additional course of at least one year's duration, which included physics, chemistry, and biology, of college grade, of each not less than six semester hours.

SEC. 9. Two forms of certificates shall be issued by said board under the seal thereof and signed by the president and secretary: *First*, a certificate authorizing the holder thereof to use drugs or what are known as medicinal preparations in or upon human beings and to sever or penetrate the tissues of human beings and to use any and all other methods in the treatment of diseases, injuries, deformities, or other physical or mental conditions, which certificate shall be designated "Physician and Surgeon Certificate"; *second*, a certificate authorizing the holder thereof to treat diseases, injuries, deformities, or other physical or mental conditions without the use of drugs or what are known as medicinal preparations and without in any manner severing or penetrating any of the tissues of human beings, except the severing of the umbilical cord, which certificate shall be designated "Drugless Practitioner Certificate." A "Reciprocity Certificate" shall also be issued under the provisions hereinafter specified. Any of these certificates upon being received in the office of the county clerk, as hereinafter provided, shall constitute the holder thereof a duly licensed practitioner in accordance with the provisions of his certificate. Unless otherwise provided. The words "practice of medicine and surgery" shall be deemed to be the practice authorized by the "Physician and Surgeon Certificate" herein mentioned.

SEC. 10. Applicants for either form of certificate shall file satisfactory evidence of having pursued in such legally chartered school or schools, approved by the board, a course of instruction covering and including the following minimum requirements; *provided*, that no applicant shall be credited with more than twelve hundred hours of work in any one year.

Provided, that a person who holds a "Drugless Practitioner Certificate," or one equivalent thereto, and who presents evidence of having successfully completed the additional courses required for the "Physician and Surgeon Certificate" as hereinbefore provided, shall be permitted to take his examination in subjects required for a "Physician and Surgeon Certificate" without being re-examined in "Drugless Practitioner" subjects.

All examinations shall be practical in character and designed to ascertain the applicant's fitness to practice his profession, and shall be conducted in the English language, and at least a portion of the examination in each of the subjects shall be in writing. There shall be at least ten questions on each subject, the answers to which shall be marked on a scale of zero to one hundred. Each applicant must obtain no less than a general average of seventy-five per cent and not less than sixty per cent in any two subjects; *provided*, that any applicant shall be granted a credit of one per cent upon the general average for each year of actual practice since graduation; *provided, further*, that any applicant for "Physician and Surgeon Certificate" obtaining seventy-five (75) per cent each in seven subjects, and any applicant for "Drugless Practitioner Certificate" obtaining seventy-five per cent each in five subjects shall be subsequently re-examined in those subjects only in which he failed, and without additional fee.

The examination papers shall form a part of the records of the board, and shall be kept on file by the secretary for a period of one year after each examination. In said examination the applicant shall be known and designated by number only, and the name attached to the number shall be kept secret until after the board has finally voted upon the application. The secretary of the board shall in no instance partici-

pate as an examiner in any examination held by the board. All questions on any subject in which examination is required under this Act shall be provided by the board of medical examiners upon the morning of the day upon which examination is given in such subject, and when it shall be shown that the secretary or any member of the board has in any manner given information in advance of or during examination to any applicant it shall be the duty of the governor to remove such person from the board of medical examiners, or from the office of secretary.

All certificates issued hereunder must state the extent and character of practice which is permitted thereunder and shall be in such form as shall be prescribed by the board.

Sec. 12. Any medical director, medical inspector, past assistant surgeon, or assistant surgeon of the United States navy, honorably discharged, or temporarily detached, or placed upon the retired list without being discharged, from the medical department of the United States navy, or who by resignation has honorably severed all connection with the service, and any surgeon of the United States army, honorably discharged or temporarily detached or placed upon the retired list without being discharged from the medical department of the United States army, or who by resignation has honorably severed all connection with the service, is hereby authorized to practice medicine and surgery within the State of California, by filing a sworn copy of his discharge, if he be discharged, or of the order temporarily detaching him or the order placing him upon the retired list, with the state board of medical examiners, or by proving to the satisfaction of the board that by resignation he has honorably left the services of either the army or navy, and paying said board a fee of fifty dollars (\$50); *provided, however*, that this provision shall not apply to any contract surgeon in the United States army or navy, and shall not apply to any officer of the medical reserve corps of either said army or navy.

Sec. 13. Said board must also issue a "Physician and Surgeon Certificate" to any applicant, without any examination, authorizing the holder thereof to practice medicine and surgery in the State of California, upon payment of a registration fee of fifty dollars (\$50.00), upon the following terms and conditions, and upon satisfactory proof thereof, viz:

The applicant shall produce a certificate entitling him to practice medicine and surgery, as provided for in said "Physician and Surgeon Certificate," issued either by the medical examining board, or by any other board or officer authorized by the law to issue a certificate entitling such applicant to practice medicine and surgery, either in the District of Columbia, or in any state or territory of the United States, or if such certificate shall have been lost, then a copy thereof, with proof satisfactory to the board of medical examiners of the State of California that the copy is a correct copy. Said certificate must not have been issued to such applicant prior to the first day of August, 1901, and the requirements from the medical college from which such applicant may have graduated, and the requirements of the board which was legally authorized to issue such certificate permitting such applicant to practice medicine and surgery shall not have been, at the time such certificate was issued, in any degree or particular less than those which were required for the issuance of a certificate to practice medicine and surgery in the State of California at the date of the issuance of such certificate, or which may hereafter be required by law and which may be in force at the time of the issuance of any such certificate; *and provided, further*, that said applicant shall also furnish from the board which issued said certificate, evidence satisfactory to the board of medical examiners of the State of California, showing what the requirements were of the college, or board, issuing said certificate, at the date of such issuance.

If, after an examination of such certificate, and the production on the part of the applicant of such further reasonable evidence of said requirements as may be deemed necessary by the board of medical examiners of the State of California, and any other or further examination or investigation which said board may see fit to make, on its own part, it shall be found that the requirements of the board issuing such certificate were, when said certificate was issued, in any degree or particular less than the requirements provided by the laws of the State of California, at the date of the issuance of such certificate, he will not be entitled to practice within the State of California without an examination.

This section shall not authorize the admission to practice, without examination, of any holder of any certificate, unless the existing power of the state or territory granting the certificate grants the same privilege to persons holding certificates to practice within the State of California, upon the same conditions.

Any person may file an application with the said board to practice medicine and surgery within the State of California, in the event that such applicant has been duly licensed prior to August 1, 1901, and has practiced medicine and surgery in another state or territory, or the District of Columbia, for a period of time commencing prior to the first day of August, 1901.

Such application shall be verified and shall contain a statement showing: (a) the full name of the applicant; (b) all institutions at which he has studied and the period of such study, and all institutions from which he has graduated; (c) a statement of whatever certificate or certificates to practice medicine and surgery may have been issued to him, together with the date of such certificate and a description of

the same, and, if required by the board, the certificates themselves, or satisfactory proof of their issuance; (d) a statement of all places in which said applicant has practiced medicine and surgery; (e) such other general information as to his past practice as may be required by the said board.

The said board shall make such independent investigations of the character, ability and standing of the applicant as it may deem proper and necessary, and if it shall find after such investigation that said applicant has been a practicing physician and surgeon in any other state or territory or the District of Columbia, prior to August 1, 1901, and prior to said last named date has been duly licensed so to practice, and that his reputation as such physician and surgeon is good in the community in which he has so practiced medicine and surgery, they shall afford him an examination on a day suiting the convenience of the board not more than six (6) months subsequent to the presentation of said application.

Said examination shall be oral, practical, and clinical in nature, and full consideration shall be given to the duration and character of the applicant's practice.

If after such last mentioned examination it is determined by a majority vote of the said medical examiners conducting said examination, that such applicant is so qualified to practice medicine and surgery within the State of California, and that his reputation and standing in the community in which he has previously practiced is good, the said applicant shall be entitled to receive a "Physician and Surgeon Certificate."

Each applicant on making such application shall pay to the secretary of the board, a fee of fifty dollars (\$50), which shall be paid to the treasurer of the board, of which sum forty dollars (\$40.00) shall be returned to him should he not receive a certificate hereunder. All certificates issued pursuant to this section shall be marked across the face thereof "Reciprocity Certificate."

SEC. 14. Said board must refuse a certificate to any applicant guilty of unprofessional conduct. On the filing with the secretary of a sworn complaint, charging the applicant with having been guilty of unprofessional conduct, the secretary must forthwith issue a citation, under the seal of the board, and make the same returnable at the next regular session of said board, occurring at least thirty days next after filing the complaint. Such citation shall notify the applicant when and where the charges of said unprofessional conduct will be heard, and that the applicant shall file his written answer, under oath, within twenty days next after the service on him of said citation, or that default will be taken against him and his application for a certificate refused. The attendance of witnesses at such hearing may be compelled by subpoenas issued by the secretary of the board under its seal. Said citation and said subpoenas shall be served in accordance with the statutes of this state then in force as to the service of citations and subpoenas generally, and all the provisions of the statutes of this state then in force relating to subpoenas and to citations are hereby made applicable to the subpoenas and citations provided for herein. Upon the secretary's certifying to the fact of refusal of any person to obey a subpoena or citation to the superior court of the county in which the service was had, said court shall thereupon proceed to hear said matter in accordance with the statutes of this state then in force as to contempts for disobedience of process of the court, and should said court find that the subpoena or citation has been legally served, and that the party so served has wilfully disobeyed the same, it shall proceed to impose such penalty as provided in cases of contempt of court. In all cases of alleged unprofessional conduct arising under this Act, depositions of witnesses may be taken, the same as in civil cases, and all the provisions of the statutes of this state then in force as to the taking of depositions are hereby made applicable to the taking of depositions under this Act. If the applicant shall fail to file with the secretary of said board his answer, under oath, within twenty days after service on him of said citation, or within such further time as the board may allow, and the charges on their face shall be deemed sufficient by the board, default shall be entered against him, and his application refused. If the charges on their face be deemed sufficient by the board, and issue be joined thereon by answer, the board shall proceed to determine the matter, and to that end shall hear such proper evidence as may be adduced before it; and if it appear to the satisfaction of the board that the applicant is guilty as charged, no certificate shall be issued to him. No certificate shall be refused on the ground of unprofessional conduct unless the applicant has been guilty of such conduct within two years next preceding his application.

Whenever any holder of a certificate herein provided for is guilty of unprofessional conduct, as the same is defined in this Act, and the said unprofessional conduct has been brought to the attention of the board granting said certificate, in the manner hereinafter provided, or whenever a certificate has been procured by fraud or misrepresentation, or issued by mistake, or the person holding such certificate is found to be practicing contrary to the provisions thereof and of this Act, it shall be the duty of said board either to suspend the right of the holder of said certificate to practice for a period not exceeding one year, or in its discretion to revoke his certificate. In the event of such suspension, the holder of such certificate shall not be entitled to practice thereunder during the term of suspension; but, upon the expiration of the term of said suspension, he shall be reinstated by the board and shall be entitled to resume his practice, unless it shall be established to the satisfac-

tion of the board that said person so suspended from practice has, during the term of such suspension, practiced in the State of California, in which event the board shall revoke the certificate of such person. No such suspension or revocation shall be made unless such holder is cited to appear and the same proceedings are had as is hereinbefore provided in this section in case of refusal to issue certificates. Said secretary in all cases of suspension or revocation shall enter on his register the fact of such suspension or revocation, as the case may be, and shall certify the fact of such suspension or revocation under the seal of the board, to the county clerk of the counties in which the certificates of the person whose certificate has been revoked is recorded; and said clerk must thereupon write upon the margin or across the face of his register of the certificate of such person, the following: "The holder of this certificate was on the _____ day of _____ suspended for _____," or, "This certificate was revoked on the _____ day of _____," as the case may be, giving the day, month, and year of such revocation, or length of suspension, as the case may be, in accordance with said certification to him by said secretary. The record of such suspension or revocation so made by said county clerk shall be prima facie evidence of the fact thereof, and of the regularity of all the proceedings of said board in the matter of said suspension or revocation.

Tell Secretary Bryan have the Japanese Mongolians pay back the six hundred millions dollars the Jews, by prejudicing Aryan Germany, France, England and America, got for these Mongolians to injure Aryan Russia, because Aryan Russians feeding six million Jews. Three hundred millions of this money came from our Aryan people and savings banks. Our earnings should be used and this money should be here to aid our people and help our Aryan farmers produce beet and cane sugar, wheat, corn meal and other foodstuffs, and clothing fibres, wool, cotton, silk, flax, on our own lands, and not be given the low rates who threaten to come six thousand miles across ocean in boats our money paid for, to whip us because we prefer not to let them in our houses to produce grandchildren for us and outrage us as the Mongolians and use marauded and outraged Russia for over two hundred years and mongrelized some Aryan Russian families, as they are to-day mongrelizing and weakening some of our Aryan families. Taft's gentleman's agreement with these Japanese and his veto of the immigration bill for the Jews brings this on us now. So, Aryan statemen, you must purify your race.

Resolved, That we, the citizens of Fresno County in mass meeting assembled, most respectfully protest against the passage of said Webb bill in its present form—*First*, because in our judgment it will place a cloud upon every title hereafter conveyed in our State; *second*, because it is a direct invitation to our Federal Government to naturalize Japanese and Chinese; *third*, because it is in our judgment in direct conflict with our treaty relation with Japan and will, if enacted into law, be declared void by our courts.

Resolved, That we do here and now request our Legislature—*First*, to enact a law which will apply to all aliens alike; *second*, which will not disturb settled land titles; *third*, which shall make citizenship the basis of land ownership; *fourth*, which shall apply to agricultural lands only; *fifth*, which shall not drive capital from our State.

ASSEMBLY CONSTITUTIONAL AMENDMENT NO. 88.

A resolution to propose to the people of the State of California an amendment to Section 2 of Article XVIII of the Constitution of the State of California, relating to convention for revising the Constitution of the State of California.

The legislature of the State of California, at its regular session commencing on the sixth day of January, 1913, two thirds of the members elected to each of the two houses of said legislature voting in favor thereof, hereby proposes that Section 2 of Article XVIII of the Constitution of the State of California be amended to read as follows:

Section 2. Whenever two thirds of the members elected to each branch of the legislature shall deem it necessary to revise this constitution, they shall recommend to the electors to vote at the next general election for or against a convention for that purpose, and if a majority of the electors voting at such election on the proposition for a convention shall vote in favor thereof, the legislature shall, at its next session, provide by law for calling the same. In so providing for calling such convention, the legislature shall make provision for the election of delegates not to exceed in number that of both branches of the legislature who shall, except as herein provided, be chosen in the same manner and have the same qualifications as members of the legislature. Each of the delegates shall be considered as elected to a separate office. All delegates shall be nominated at a non-partisan primary election and not otherwise and may also be finally elected at such non-partisan primary election as hereinafter provided. Said non-partisan primary election shall be held as the legislature may direct, either at the time of holding any other primary election or at any general or special election or at an election to be called for that purpose. The legislature shall provide the manner in which all candidates shall obtain a place on the ballot at said non-partisan primary election. A candidate for any such office, receiving majority of the votes cast at said non-partisan primary election for all the candidates for that office shall be declared elected. If at said non-partisan primary election there be any office to which no person was so elected, then as to such office that election shall be considered to have been merely a primary election for the nomination of candidates, and a further election shall be held to fill said office, and the two candidates, or less if so there be, who received the highest number of votes for such office at said non-partisan primary election, shall be the only candidates at such further election; *provided*, that if there be any person who, under the foregoing provisions, would have been entitled to become a candidate for such office except for the fact that some other candidate received an equal number of votes therefor, then all such persons receiving such equal number of votes shall likewise become candidates for that office. The candidates for any such office who shall receive the highest number of votes at such further election shall be declared elected to such office. Without the constitution being amended the legislature may, by resolution submitted to the electors of the state in the same manner that a proposed amendment to the constitution is submitted by the legislature, provide for any other plan for nominating and electing any delegates to any such convention.

The delegates so elected shall meet within nine months after their election at such place as the legislature may direct. At a special election to be provided for by law, any amendments, alterations, revisions or new constitution, in any form that may be directed by such convention, either as alternative articles or propositions or otherwise, shall be submitted to the people for their ratification or rejection, in such manner as the convention may determine. The returns of such election shall, in such manner as the convention shall direct, be certified to the executive of the state, who shall call to his assistance the controller, treasurer, and secretary of state, and compare the returns so certified to him; and it shall be the duty of the executive to declare, by his proclamation, such revised constitution, as may have been ratified by a majority of all the votes cast at such special election, to be the Constitution of the State of California.

Bill ordered transmitted to the Senate.

EXPLANATIONS OF VOTE.

The following explanations of vote were presented, and ordered printed in the Journal.

By Mr. Brown:

I voted for Senate Bill No. 5, known as the anti-alien land bill, because I recognize that there is a strong popular demand in California for the passage of a law of this character. At the same time, I recognize the futility of a state passing a law of this kind that can have any beneficial effect, owing to the fact that existing treaties with Japan, and the laws of Congress, supersede all state laws, and are paramount thereto.

I am satisfied that the people of this State must look to the Federal Government for the solution of this question, and to obtain the relief desired; that the relief can be attained only through treaties with Japan, or through appropriate legislation by Congress. But as an expression of this Legislature, which will largely reflect the opinion of the people of the State, and as a demand by this Legislature upon the National Government that it shall take action as soon as possible, to relieve the people of this State from the evil which exists, I think it good policy to pass this anti-alien land law.

HENRY WARD BROWN.

By Mr. Mouser:

I desire to state my reasons for voting for Senate Bill No. 5. I am thoroughly in favor of an anti-alien land law. I do not think that Senate Bill No. 5 will accomplish all the results desired because it does not provide a clause that would prevent Japanese from leasing land at the expiration of five years. I am voting for this bill because it is a step in the right direction and will show the Federal Government the desire of the people of California that aliens ineligible to citizenship should not own land in California.

FRANK H. MOUSER.

By Mr. Finnegan:

I am voting for this bill because I wish to get an anti-alien land policy inaugurated in the State of California. I should prefer a bill which omits the clause "eligibility to citizenship," and in place instead the words "declaring their intention to become citizens of the United States," and the following amendments proposed by me, but for which I could not get recognition, being foreclosed by a motion calling for the previous question.

G. B. FINNEGAN.

AMENDMENTS PREPARED BY MR. FINNEGAN.

AMENDMENT No. 1.

On page 1, line 1, Section 1, strike out the words, "eligible to citizenship," and in lieu thereof insert the words "declaring their intention to become citizens of the United States".

AMENDMENT No. 2.

Strike out all of Section 2.

AMENDMENT No. 3.

On page 2, line 5, Section 3, strike out from and including the word "other", to and including the word "act", in line 4, and in lieu thereof insert the words "who have declared in good faith their intention to become citizens of the United States as provided in Section 1".

AMENDMENT No. 4.

On page 2, line 9, Section 3, strike out all of said section after the word "state".

AMENDMENT No. 5.

Strike out all of Section 7, and insert in lieu thereof as follows: "Nothing in this Act shall be construed as limiting or contravening in any way the terms of any treaty now existing or hereafter entered into between the government of the United States pursuant to the provisions of the Constitution of the United States and any other nation or country with reference to the right or privilege of the citizens of such nation or country to acquire, possess, enjoy and transfer real property or any interest therein.

This fund shall be subject to the order of the state board of education for all expenses incurred by the superintendent of printing for all material, labor, and other expenses necessary for publishing state school text-books, and for all books purchased, for the cost of shipping free text-books, and for necessary employees in connection with such shipment as may be determined by the state board of education. All claims to be drawn, after being certified by the claimant and the items approved by the secretary of the state board of education shall be presented to the board of control for its approval, and upon the approval of said board of control, the state controller is hereby authorized and directed to draw his warrant on the state treasurer, who is hereby directed to pay the same.

REPORT OF SELECT COMMITTEE.

The following report of select committee was received and read:

MR. SPEAKER: Your select committee of one, to whom was referred Assembly Bill No. 1274, with instructions, do now report that the instructions of the Assembly have been carried out.

PEAIRS, Select Committee.

Report of select committee and amendments adopted.

Bill ordered to reprint, re-engrossment, and on file for passage.

Senate Constitutional Amendment No. 66—A resolution to propose to the people of the State of California an amendment to the Constitution of the State of California, authorizing the change of boundaries between the city and county of San Francisco and the county of San Mateo and the annexation of San Mateo County, or a portion thereof, to the city and county of San Francisco, and to that end amending Article XI of the Constitution of the State of California by adding a new section thereto, to be known as Section 3a.

The following amendment was submitted by the committee:

Amend Senate Constitutional Amendment No. 66 by striking out all of Section 3a thereof and by inserting in lieu thereof the following:

Section 3a. The city and county of San Francisco and the county of San Mateo may be consolidated into one city and county, under the name of the city and county of San Francisco; *providing*, that two thirds of the qualified electors of said city and county of San Francisco and two thirds of the qualified electors of said county of San Mateo voting thereon at an election, shall approve such consolidation, and at a subsequent election shall also adopt a proposed freeholders' charter for such new consolidated city and county. The charter so adopted must provide for a borough or other system of government whereby said city and county of San Francisco, or districts therein, and said county of San Mateo, or districts therein, so to be consolidated for general municipal purposes, shall nevertheless exercise such special municipal powers as the charter may provide. Districts may be created thereby which will include territory situated partly in the city and county of San Francisco and partly in the county of San Mateo. The provisions of this Constitution applicable to cities and counties and the adoption of freeholders' charters, so far as not inconsistent herewith, shall be applicable to such consolidated government. The question upon the approval of such proposed consolidation may be submitted to the voters of the city and county of San Francisco by the board of supervisors thereof, and must be so submitted whenever petitioned therefor by a number of qualified voters equal to that now required therein for the proposal of legislation by initiative. The proposition may be submitted to the voters of the county of San Mateo by the board of supervisors thereof, and must be so submitted whenever petitioned therefor by a number of qualified voters equal to that now required for the proposal of legislation by initiative. The respective boards of supervisors shall cause the results of such elections held in their respective territories to be certified to the secretary of state. In the event such consolidation shall be approved at any such election held in the city and county of San Francisco by such two-thirds vote and shall be approved at any election held in the county of San Mateo by such two-thirds vote, the secretary of state shall so certify, and immediately thereupon such consolidation shall be in effect and such consolidated city and county shall be deemed a municipality under the jurisdiction of the board of supervisors of the city and county of San Francisco, solely for the purpose, however, of selecting freeholders, which freeholders shall be composed of an equal number from each of said counties and the freeholders from San Mateo County shall be divided equally between the five townships now existing in said county of San Mateo, and adopting a freeholders' charter conformable to this section. Until the adoption by the city and county of San Francisco and by the county of San Mateo of such charter, and the approval thereof by the legislature, the government of the city and county of San Francisco and the county of San Mateo shall otherwise not be changed. Such new consolidated city and county shall be liable for all the existing debts and liabilities of the city and county of San Francisco, the county of San Mateo, and of any municipality, school district, sanitary and other district therein, and also of all bonded indebtedness whether represented by bonds issued or by bonds authorized, but provision shall be made for the payment of any such indebtedness represented by bonds, both issued and authorized, by taxes levied upon the property assessable therefor and situate at the time of such levy within the territory so constituting such city and county, county, municipality, school, sanitary or other district respectively as such territory existed at the time when any such indebtedness was incurred or

authorized. Any of such bonds so authorized but not issued at the time of such consolidation may thereafter be issued and sold by the legislative body of such consolidated city and county and shall be valid and subsisting obligations payable by taxes levied upon property situated as so aforesaid. The charter of such new consolidated city and county government shall provide for the places of holding sessions of the superior courts and of all inferior courts exercising jurisdiction therein. Until otherwise provided by law, the superior court of the county of San Mateo shall, upon the approval of such charter, become and be a superior court of the city and county of San Francisco, and constitute an additional department thereof. In the event that the first election held in the county of San Mateo and the city and county of San Francisco, hereinbefore provided for, shall result in favor of consolidation, at any time thereafter and before the adoption of a freeholders' charter for the government of the consolidated counties, all or any portion of that part of San Mateo county lying to the south of the boundary of San Francisco county, as existing in 1852, may be eliminated from the territory to be annexed and may be annexed to any contiguous county in such manner as the legislature by special Act may provide, and the legislature shall enact such law at its first session held after the approval of this amendment by the voters of the state. Such exclusion of territory shall not become effective, however, until the freeholders' charter adopted as herein provided for shall be approved by the legislature. In case it has been determined that any territory is to be excluded from the county of San Mateo and annexed to a contiguous county, the voters residing in such excluded territory shall not be entitled to vote on the question of the adoption of the freeholders' charter. Except as herein otherwise provided, this section shall be self-executing.

COMMUNICATIONS.

On request of Mr. Bagby, the following communications were ordered printed in the Journal:

STOCKTON, CAL., March 24, 1913.

Hon. H. C. Bagby, Sacramento, Cal.

DEAR SIR: I am very much interested in the bills, Nos. 239 and 1120, which were introduced by you. The present law providing for the transferring of attendance is fundamentally wrong and does not work well in practice. At the superintendents' convention held at Catalina last September the matter was thoroughly discussed and the superintendents voted in favor of the repeal of the present law and for a return to the former rule of crediting the attendance to the school which pupils attend.

I hope your bill will be favorably acted upon.

Very sincerely yours.

JOHN ANDERSON.

STOCKTON, CAL., April 22, 1913.

Hon. Henry C. Bagby, Sacramento, Cal.

DEAR SIR: I hope that the Legislature will give favorable consideration to your bill providing for the repeal of the present law transferring attendance of pupils to the home school. The law as it now stands is fundamentally wrong. At the convention of city and county superintendents, held at Catalina last September, the matter was thoroughly discussed, and the sentiment of the superintendents, as shown by their votes, was strongly in favor of the repeal of the present law and in favor of a return to the former method of crediting attendance of pupils to the schools which they attend.

Very truly yours.

JOHN ANDERSON,

County Superintendent Schools, San Joaquin County, Cal.

ASSEMBLY CONSTITUTIONAL AMENDMENT No. 25.

A resolution to propose to the people of the State of California an amendment to Section 8 of Article XI of the Constitution of the State of California relating to municipal corporations.

The legislature of the State of California, at its regular session commencing on the sixth day of January, 1913, two thirds of the members elected to each of the

two houses of said legislature voting in favor thereof, hereby proposes that Section 8 of Article XI of the Constitution of the State of California be amended to read as follows:

Section 8. Any city or city and county containing a population of more than three thousand five hundred inhabitants, as ascertained by the last preceding census taken under the authority of the congress of the United States or of the legislature of California, may form a charter for its own government, consistent with and subject to this constitution; and any city, or city and county having adopted a charter may adopt a new one. Any such charter shall be framed by a board of fifteen freeholders chosen by the electors of such city at any general or special election; but no person shall be eligible as a candidate for such board unless he shall have been, for the five years next preceding, an elector of said city. An election for choosing freeholders may be called by a two-thirds vote of the legislative body of such city, and, on presentation of a petition signed by not less than fifteen per cent of the registered electors of such city, the legislative body shall call such election at any time not less than thirty nor more than sixty days from date of the filing of the petition. Any such petition shall be verified by the authority having charge of the registration records of such city or city and county and the expenses of such verification shall be provided by the legislative body thereof. Candidates for the office of freeholders shall be nominated either in such manner as may be provided for the nomination of officers of the municipal government or by petition, substantially in the same manner as may be provided by general laws for the nomination by petition of electors of candidates for public offices to be voted for at general elections. The board of freeholders shall, within one hundred and twenty days after the result of the election is declared, prepare and propose a charter for the government of such city; but the said period of one hundred and twenty days may with the consent of the legislative body of such city be extended by such board not exceeding a total of sixty days. The charter so prepared shall be signed by a majority of the board of freeholders and filed in the office of the clerk of the legislative body of said city. The legislative body of said city shall within fifteen days after such filing cause such charter to be published once in the official paper of said city; (or in case there be no such paper, in a paper of general circulation); and shall cause copies of such charter to be printed in convenient pamphlet form, and shall, until the date fixed for the election upon such charter, advertise in one or more papers of general circulation published in said city a notice that such copies may be had upon application therefor. Such charter shall be submitted to the electors of such city at a date to be fixed by the board of freeholders, before such filing and designated on such charter, either at a special election held not less than sixty days from the completion of the publication of such charter as above provided, or at the general election next following the expiration of said sixty days. If a majority of the qualified voters voting thereon at such general or special election shall vote in favor of such proposed charter, it shall be deemed to be ratified, and shall be submitted to the legislature, if then in session, or at the next regular or special session of the legislature. The legislature shall by concurrent resolution approve or reject such charter as a whole, without power of alteration or amendment; and if approved by a majority of the members elected to each house it shall become the organic law of such city or city and county, and supersede any existing charter and all laws inconsistent therewith. One copy of the charter so ratified and approved shall be filed with the secretary of state, one with the recorder of the county in which such city is located, and one in the archives of the city; and thereafter the courts shall take judicial notice of the provisions of such charter. The charter of any city or city and county may be amended by proposals therefor submitted by the legislative body of the city on its own motion or on petition signed by fifteen per cent of the registered electors, or both. Such proposals shall be submitted to the electors only during the six months next preceding a regular session of the legislature or thereafter and before the final adjournment of that session and at either a special election called for that purpose or at any general or special election. Petitions for the submission of any amendment shall be filed with the legislative body of the city or city and county not less than sixty days prior to the general election next preceding a regular session of the legislature. The signatures on such petitions shall be verified by the authority having charge of the registration records of such city or city and county, and the expenses of such verification shall be provided by the legislative body thereof. If such petitions have a sufficient number of signatures the legislative body of the city or city and county shall so submit the amendment or amendments so proposed to the electors. Amendments proposed by the legislative body and amendments proposed by petition of the electors may be submitted at the same election. The amendments so submitted shall be advertised in the same manner as herein provided for the advertisement of a proposed charter, and the election thereon held at a date to be fixed by the legislative body of such city, not less than forty and not more than sixty days after the completion of the advertising in the official paper. If a majority of the qualified voters voting on any such amendment vote in favor thereof it shall be deemed ratified, and shall be submitted to

the legislature at the regular session next following such election; and approved or rejected without power of alteration in the same manner as herein provided for the approval or rejection of a charter. In submitting any such charter or amendment separate propositions, whether alternative or conflicting, or one included within the other, may be submitted at the same time to be voted on by the electors separately, and, as between those so related, if more than one receive a majority of the votes, the proposition receiving the larger number of votes shall control as to all matters in conflict. It shall be competent in any charter framed under the authority of this section to provide that the municipality governed thereunder may make and enforce all laws and regulations in respect to municipal affairs, subject only to the restrictions and limitations provided in their several charters and in respect to other matters they shall be subject to general laws. It shall be competent in any charter to provide for the division of the city or city and county governed thereby into boroughs or districts, and to provide that each such borough or district may exercise such general or special municipal powers, and to be administered in such manner, as may be provided for each such borough or district in the charter of the city or city and county. The percentages of the registered electors herein required for the election of freeholders or the submission of amendments to charters shall be calculated upon the total vote cast in the city or city and county at the last preceding general state election; and the qualified electors shall be those whose names appear upon the registration records of the same or preceding year. The election laws of such city or city and county shall, so far as applicable govern all elections held under the authority of this section.

Verification Deputy (or Notary Public).

The petition of which this certificate forms a part shall, if found insufficient, be returned to _____, at No. _____ street, Vallejo, California.

The provisions of Subdivision 4 of Section 7 of this charter, applying to recall petitions, shall apply to petitions filed under this article.

Copies prepared after the foregoing form shall be deposited by the clerk at all of the places mentioned in the "Notice of Petition to Invoke Initiative" on or before ten a.m. of the first day following the first publication of said notice and allowed to remain there until 8 p.m. of the twentieth day thereafter, whereupon the clerk shall promptly collect all copies of the certificates and place same on file in the office of the council. It shall be unlawful for any signatures to be added to the petitions after the expiration of the time last mentioned. Within ten days after the date of filing such petitions, the clerk shall examine, and from the records of registration ascertain the total number of registered voters who have signed both the petitions for and against the proposition to invoke the initiative to secure the adoption of the ordinance.

Any signer of a petition may file with the clerk a verified revocation of his signature to such petition before the report of the clerk is presented to the legislative body, and such signature shall be cancelled by the clerk.

As soon as the clerk has completed his examination he shall report to the legislative body at its next regular meeting, in writing, the number of signatures received for and against the adoption of the proposed ordinance at each place where copies of the individual certificates were deposited, also the total number received, respectively, in the entire municipality.

Twenty per cent petition.

(3) If it is found that the total number of registered voters who signed the petition for the adoption of the proposed ordinance is less than twenty (20) per cent of the entire number of voters voting at the last regular municipal election, for all the candidates for the office of mayor, or the number of such signatures is less than the number of signatures petitioning against the adoption of the ordinance, then no further proceedings shall be taken hereunder.

If it is found that the total number of registered voters who signed the petition for the adoption of the proposed ordinance exceeds the total number who signed the petition against its adoption, and also exceeds in number twenty per centum of the entire vote cast at the last general municipal election for the office of mayor, then the legislative body shall forthwith call a special election to be held not less than thirty-five nor more than forty days after the date of the attachment of the certificate of sufficiency to the petition accompanying the ordinance, unless some general or special municipal election occurs not earlier than twenty (20) days and not later than ninety (90) days after the city clerk shall have attached such certificate of sufficiency, in which latter event said measure shall be voted on at such special or general municipal election, and unless the council shall have, prior to the time of calling such election, passed said ordinance without alteration. If the number of signatures of registered voters upon the petition against the adoption of the proposed ordinance shall have exceeded the number of signatures for the adoption of the ordinance, then the council shall not adopt the ordinance until the same shall have been submitted to a vote of the electorate at a subsequent election held under the provisions of this article.

Expense of printing.

(4) The expense of printing the petition shall be borne by the proponents of the ordinance; *provided, however*, that in the event of the final adoption of the ordinance by the electorate the said expense of printing shall be refunded from the general fund of the city.

Soliciting, signing and circulation.

(5) No person shall solicit for signers to the petitions on or about the premises where said petitions have been deposited to receive signatures.

No individual certificate shall bear the signature of more than one signer, and petitions shall not be circulated in any manner or removed from the designated places where they have been deposited to receive signatures.

Measures to be mailed to voters.

(6) Whenever any ordinance is required under the initiative or referendum provisions of this charter to be submitted to the voters of the city at any election, the council shall cause the ordinance, together with such arguments for and against it as may have been printed on the individual certificates constituting the initiative or referendary petition to be printed, and it shall be the duty of the city clerk to enclose a printed copy thereof in an envelope with a sample ballot and mail the same to each voter, at least five (5) days prior to the election. The council may cause said ordinance to be printed once in a newspaper of general circulation published in the city one week preceding the date of such election.

Election.

(7) The ballots used when voting upon such proposed ordinance shall set forth in full the title of the proposed ordinance and shall state the general nature of the proposed ordinance and shall contain the words "For the Ordinance" and "Against the Ordinance." If a majority of the qualified electors voting on said proposed ordinance shall vote in favor thereof, such ordinance shall take effect five (5) days after the declaration of the official canvass.

Several ordinances at one election.

(8) Any number of proposed ordinances under the initiative and any number of ordinances under the referendum may be voted upon at the same election, in accordance with the provision of this article.

Limit to special elections.

(9) There shall not be held under this article, more than one special election in any period of six months.

Competing and conflicting measures—Repeal.

(10) When there are two or more ordinances proposed to secure the same general purpose, the council shall so declare, and shall have the ballot so printed that the voter (first) can choose between any ordinance or none, and (second) can express his preference for any one. If a majority of the votes on the first question is affirmative, then the ordinance receiving the highest number of votes shall become law, and the others shall fail of passage. In case two or more ordinances are tied for the highest vote, they shall be resubmitted at the next ensuing general municipal election. If there is a conflict between two or more ordinances adopted at the same

election, then the ordinance receiving the highest affirmative vote shall prevail. No ordinance approved by the electorate under the provisions of this charter shall be amended or repealed except by vote of the electorate unless such ordinance shall otherwise provide.

Election is mandatory.

(11) If any ordinance proposed by initiative petition or upon which a referendum vote is requested by petition, in accordance with the provisions of this charter, be not submitted to the voters at or within the time elsewhere specified in this charter, such petition shall remain in force until such ordinance has been submitted to a vote, and no bond issue or other ordinance proposed by the council shall be submitted to the voters unless at the same election, or prior thereto, there shall be submitted to the voters the ordinance or ordinances upon which a vote is requested by petition if any vote be so requested and upon which a vote has not been taken at or within the time elsewhere specified in this charter. This section is prohibitory and mandatory.

Substantial compliance.

(12) A substantial compliance with the provisions of this article shall be sufficient for the holding of an election hereunder and the approval or rejection of any measure submitted thereat.

Further regulations.

(13) The council shall, by ordinance, make such further regulations as may be necessary to carry out the provisions of this article, and to adopt the provisions of Article III thereto.

The sum of twenty thousand dollars is hereby appropriated out of any money in the state treasury not otherwise appropriated for the purposes of organizing, equipping and maintaining the California civil service training school, and to pay the salaries of experts, teachers, lecturers and employees for the sixty-fifth and sixty-sixth fiscal years.

SEC. 8. The act of the majority of the commission shall be deemed to be the act of the commission.

SEC. 5. The censors and the employees of the commission shall, when in the performance of their official duties, upon demand, have the right of free access to any place, room, building or theater, in the State of California at which is held or given any public exhibition or entertainment or performance at which motion picture films are exhibited; and it shall be unlawful for any person to deny any censor or any employee of the commission free access to such place, room, building or theater, or to interfere with or molest any censor or any employee of the commission in the exercise of said right.

It shall be the duty of the censors to examine and censor all films manufactured or produced in or brought into the State of California for exhibition, and either to approve and pass, or to reject and forbid the exhibition of every such film; *provided*, that the action of the commission in passing and approving or in rejecting and forbidding the exhibition of any film or reel shall apply in the same manner and with equal force to all duplicates, counterparts or copies of any particular film upon which action is had by the commission; *provided, also*, that the commission may approve and pass any film subject to such decisions, amplifications or alterations as they in their discretion may direct and require to be made, and attach the seal or tag of this commission hereinafter provided for to such film or reel or the duplicate thereof and after the portion of such reel of duplicate or counterpart objected to is cut out and retained in the possession of the commission; and it shall be unlawful for any person to exhibit any film which has been approved and passed by the commission subject to such excision, amplification or alteration without first making or causing such excision, amplification or alteration to be made; *provided*, that the commission may in its discretion accept the decision in any particular case of any municipal, state, national or international bureau or commission in favor of any film or moving picture, and the commission by a unanimous vote of its members may in its discretion work in conjunction with like or similar censor boards or commissions of other states as a national censor congress and the action of such congress in approving films shall be considered as the action of the commission, a certificate of this commission given and the seal or tag of the commission attached thereto and have the same force and effect as if approved by the commission in separate session, but such co-operation shall continue only at the pleasure of the commission and may be discontinued at any time upon the vote of the majority of the commission; *provided, also*, that no film or reel shall in any case be rejected by the commission unless the same shall have been viewed by at least two of its members.

SEC. 7. It shall be unlawful for any person to exhibit any film, reel or motion picture in the State of California unless and until the same shall have been passed by the commission and the mark or seal attached.

(b) When any film shall have been approved and passed by the commission, the secretary of the commission shall, upon demand, issue to the owner, renter, lessee, or custodian of said film a permit or certificate in manner and form to be prescribed and adopted by the commission, each of which said certificates or permits shall bear a serial number peculiar to itself, and shall also bear the name of or title or description of the film or reel in reference to or in connection with which it is issued and the date upon which it was approved by the commission and a notation designating or indicating the number of linear feet contained in the said film or reel, and the said certificate or permit when signed by the secretary or some other

person designated by the commission shall constitute full and proper authorization and permission, and the only lawful authorization and permission to exhibit the seal or tag provided for in this section, in connection with the film or reel referred to in the said certificate or permit; *provided*, that whenever any film or reel shall not have been actually and literally examined and censored by the commission but shall have been automatically approved and passed by reason of the approval of some other board or commission as provided for in this Act, or by reason of the action of the commission in approving a duplicate, counterpart or copy of any film as provided for in this Act, then the secretary shall issue and there shall be required, a separate certificate or permit for each separate film, and the issuance of the permit for one film or reel shall not be authority for exhibiting the seal or tag heretofore provided for, in connection or conjunction with any duplicate, counterpart or copy thereof.

(c) It shall be unlawful for any person to exhibit the aforesaid seal or tag in connection or conjunction with any film or reel without first obtaining from the secretary or other proper officer or employee of the commission a certificate or permit as herein provided, and the said certificate or permit shall at all times be attached to the film or reel for which it was issued, in such manner that it can readily be inspected or examined by any member or other employee of the commission or boards upon demand at any time or at any place where the said film or reel may happen to be in the State of California.

(d) It shall be unlawful for any person to refuse, neglect or fail to permit any employee of the commission upon demand to examine any film or reel in the possession or custody of said person for the purpose of ascertaining whether a certificate or permit has been issued as herein provided and a seal or tag attached thereto.

SEC. 9. The commission shall charge and the secretary or some other person designated by the commission shall collect the following fees from the exchange controlling the reel or film to be censored: for each certificate or permit issued under the provisions of this Act, a sum equal to one tenth (1-10) of one per cent per linear foot for each and every linear foot of film contained in the film or reel named or designated in the said certificate or permit for all original new reels, and one twentieth (1-20) of one cent per linear foot for all duplicates thereof; and for reels issued or released more than ten days prior to the time this Act becomes a law, one twentieth (1-20) of one cent per linear foot. All fees charged and collected under this section shall be paid, at least once each month, into the state treasury to the credit of a fund to be known as the "motion picture censor fund" which is hereby created.

SEC. 10. It shall be unlawful for any exchange to sell, lease, rent, give, loan or vend any film or reel to any exhibitor in the State of California unless and until the said film or reel has first been approved and passed by the commission; *provided*, that the neglect or failure of any exchange to comply with this or any other section of this Act shall not excuse any exhibitor from compliance with all of the terms of this Act.

SEC. 11. It shall be unlawful for any person to exhibit any motion picture of any human figure in such detail as to offend public morality or decency; or of any lewd or lascivious or sensual act; or of any other matter or thing of an obscene, indecent, immoral or suggestive nature, or offensive to the moral sense or against public policy; or of any murder, suicide, robbery, hold-up, shooting, stabbing, clubbing or beating of any human being wherein such acts or any of them are shown in greswome detail or in a revolting manner, or in any manner objectionable to the moral sense; or of any act of brutality, cruelty or barbarity shown in greswome detail or in a revolting or disgusting or horrible manner.

EXPLANATION OF VOTE.

The following explanation of vote was sent to the desk, and ordered printed in the Journal:

MR. SPEAKER: In voting, as well as fighting against Senate Bill No. 466—known as an Act limiting the hours of labor of females employed in any manufacturing, mechanical or mercantile establishment, laundry, hotel or restaurant, or telegraph or telephone establishment or office, or by any express or transportation company; compelling each employer in any manufacturing, mechanical, or mercantile establishment, laundry, hotel or restaurant, or other establishment employing any female, to provide suitable seats for all female employees and to permit them to use such seats when they are not engaged in the active duties of their employment; and providing a penalty for failure, neglect or refusal of the employer to comply with the provisions of this Act, and for permitting or suffering any overseer, superintendent, foreman or any other agent of any such employer to violate the provisions

of this Act, approved March 22, 1911—I did so conscientiously. I am a fruitgrower, as well as an employer of female help, to a large extent. I have given this matter years of study, and am in a position to know that any law that will prohibit female workers to exercise their own judgment as to the hours of work in the "preparation of fruit and vegetables for shipment," will be disastrous to the fruit and vegetable interests of California.

Staring defeat in the face, I was forced to vote "aye" for the purpose of reconsideration of said bill.

To-day, the sponsor of the companion bill in the Assembly (while I was not in my seat) moved that consideration of Senate Bill No. 466 be dispensed with.

Another process of "gag rule" has been handed out during the present session, and for the *second time* I have felt the "sting."

This bill was on the third-reading file for more than three weeks, but the author of same allowed it to sleep until Senate Bill No. 466 (companion) reached the Assembly Chamber. The delay, I am forced to believe, was for the purpose of eliciting sympathy.

My antagonism to said bill was in the interest of the fruit growers of California, as well as to those who are desirous of earning an honest living.

I could not, without offending my own conscience, vote for the bill.

W. S. KILLINGSWORTH, SR.
